In August 2021

Introducing a new tariff generation as of 01/01/2022

Bulletin VII/2021
Company no. ...

Dear Sir/Madam,

Our offer will change as of 01/01/2022.

Statutory reduction to 0.25 percent for contracts as of 01/01/2022

As you have certainly read in the press, the maximum actuarial interest rate for life insurance policies will be reduced from the current 0.9 percent to 0.25 percent.

This change will come into force with effect from 01/01/2022 and will also have an impact on BVV's product range.

In concrete terms, this means that all new contracts concluded from 01/01/2022 onwards will bear a guaranteed interest rate of 0.25 percent. The surplus benefit generated in each case naturally increases the projected old-age pension.

0.9 per cent for contracts until 31/12/2021

All contracts that start before 01/01/2022 will continue to bear an actuarial interest rate of 0.9 percent for the entire contract term. If you would like to inform your employees about the deferred compensation options in BVV, please contact us. We are happy to support you in this.
